British Interference.

The London Times of May 2d, in an editorial article upon "Oregon, Texas and England," utters the following language. "The part taken by England and France on this question, for we are happy to find that the most entire concurrence prevails between the two great powers by which Texas was first recognized in Europe, has been dictated by no such selfish or exclusive objects. To them individually, the annexa- to be relieved against a usurious contract they will require tion of Texas offers no very formidable dangers, and the plaintiff to pay to the defendant, what is really and desire to uphold in America that respect for territorial fer to do so must be made. rights which is the only sure basis of peace; and in maintaining the independence of Texas, they may hope to establish an important element in the distribution of power over North America. There, as well as in Europe, an universal dominion is imprac-
